

Medtech Training Package Available for your Practice

The feedback we have from our Customers is that they would like to learn how to use Medtech to its full potential and learn about new features in recent releases. The Training team has put together a package which will cater for your ongoing training needs. The Training Package offers a combination of Training Groups in your area and 4 months unlimited use of two e-learning modules per year.

The training package includes:

1. **Training Groups in your area once per year.**

Includes:

1.5 hour clinical session

1.5 hour admin session

The Training will be lecture style and will include insightful tips and tricks and new features.

2. **Four months unlimited access to the e-learning forum with a choice of 2 modules per year.** (Normal cost is \$275 per module for 4 months use)

Choose from these Modules:

- NIR & Immunisation Module
 - Query Builder Module
 - Clinical Introduction
 - Reception Introduction
- Coming soon – Advanced Reception

Pricing: \$1,000 + gst **per practice** per year (or \$92 + gst per month)

Travel and accommodation included in this price!

Training Groups will be in central areas based on numbers. If you are in a remote rural area with limited numbers we can arrange remote access training via internet and phone. Training Groups will be scheduled throughout the year according to demand.
