

Medtech32 ACC18 Web Form Validation Update Release Notes

IMPORTANT NOTE

This release does not require a Technician, however, if you choose to use a Technician, Medtech recommends that all Medtech upgrades and database back-up and restore processes are performed by a Medtech Certified Technician or your Practice Technician. For a list of Medtech Certified technicians please visit the Medtech Global Website: www.medtechglobal.com.

These Release Notes contain important information for all Medtech Users. Please ensure that they are circulated amongst all your staff. We suggest that these notes are filed safely for future reference.

Installation Prerequisites

Please review the following prerequisites and ensure they are met prior to installation;

IMPORTANT: This documentation contains valuable information that, if not read, could seriously affect the upgrade progress and/or possible down time of your network.

1. This update will run on any version of Medtech32.
2. Ensure the person(s) who will be performing the upgrade have read through all of the release documentation and installation instructions.
3. Ensure you are logged onto Windows with Administrative rights when performing ANY installation, update, or maintenance tasks.
4. This update **MUST** be run on the Medtech32 Server. Users can remain logged into Medtech whilst this update is being run, however you must log out of the Medtech32 application and log in again to see the changes.

ACC18 Web Form Validation Update Installation

1. This update will run on any version of Medtech32.
2. Visit our website at www.medtechglobal.com.
3. Select “New Zealand” in the region drop down (top right hand side of the window).
4. Select menu, **Medtech Online ▶ Medtech32 ▶ Downloads**. The New Zealand Medtech32 Updates page will be displayed.
5. Here you will find the **ACC18 Web Form Validation Update**.
6. In the **File Download Security Warning** dialogue box, select **Run**.
7. In the **Open File Security Warning Dialogue** box, select **Run** option.
8. The installation screen will appear.

9. The installation process will begin.
10. Once the update is completed, the installation screen will close.

ACC18 Web Form Validation Update Details

Web Forms

This update resolves an issue with the validation of the following forms when opening:

- ACC18

IMPORTANT NOTE:

If you currently use the Northland DHB Referral or other Referral Web Forms and are having form validation errors on these forms, please also run the relevant updates from the Medtech Global Website.

If you currently use the Konnect Suremed PMAR and are having form validation errors on these forms, please contact Medtech Support.
