

Medtech32 Healthlink Web Form Validation Update Release Notes

January 2011

IMPORTANT NOTE

This release does not require a Technician, however, if you choose to use a Technician, Medtech recommends that all Medtech upgrades and database back-up and restore processes are performed by a Medtech Certified Technician or your Practice Technician. For a list of Medtech Certified technicians please visit the Medtech Global Website: www.medtechglobal.com.

These Release Notes contain important information for all Medtech Users. Please ensure that they are circulated amongst all your staff. We suggest that these notes are filed safely for future reference.

Installation Prerequisites

Please review the following prerequisites and ensure they are met prior to installation;

IMPORTANT: This documentation contains valuable information that, if not read, could seriously affect the upgrade progress and/or possible down time of your network.

1. This update will run on any version of Medtech32.
2. Ensure the person(s) who will be performing the upgrade have read through all of the release documentation and installation instructions.
3. Ensure you are logged onto Windows with Administrative rights when performing ANY installation, update, or maintenance tasks.
4. This update **MUST** be run on the Medtech32 Server. Users can remain logged into Medtech whilst this update is being run, however you must log out of the Medtech32 application and log in again to see the changes.

Healthlink Web Form Validation Update Installation

1. This update will run on any version of Medtech32.
2. Visit our website at www.medtechglobal.com.
3. Select "New Zealand" in the region drop down (top right hand side of the window).
4. Select menu, **Medtech Online** ▶ **Medtech32** ▶ **Downloads**. The New Zealand Medtech32 Updates page will be displayed.
5. Here you will find the **Healthlink Web Form Validation Update**.
6. In the **File Download Security Warning** dialogue box, select **Run**.
7. In the **Open File Security Warning Dialogue** box, select **Run** option.
8. The installation screen will appear.

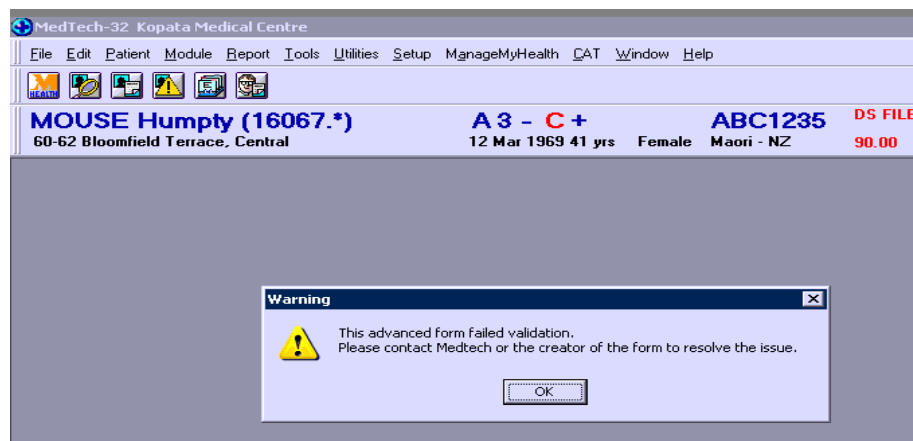

9. The installation process will begin.
10. Once the update is completed, the installation screen will close.

Healthlink Web Form Validation Update Details

Web Forms

This update resolves an issue with the validation of Healthlink published web forms when trying to open them.

Please note that this patch is specific to Healthlink forms and should be run in **addition** to the Web Form Validation Update January 2011, which rectifies the same validation error but with other type web forms.

IMPORTANT NOTE:

If you currently use other Referral Web Forms and are experiencing form validation errors with these forms, please **also** run the relevant updates available from the Medtech Global Website.

If you currently use the Konnect Suremed PMAR and are having form validation errors on these forms, please contact Medtech Support on 0800 2 633 832 select Option 1.
