

RELEASE NOTES

Medtech32

Version 19.9 Build 3175

(April 2011)

IMPORTANT NOTE

Medtech recommends that all Medtech upgrades and database back-up and restore processes are performed by a **Medtech Certified Technician** or your Practice Technician.

For a list of Medtech Certified technicians please visit the Medtech Global Website:

www.medtechglobal.com

These Release Notes contain important information for all Medtech Users. Please ensure that they are circulated amongst all your staff. We suggest that these notes are filed safely for future reference.

 \$3 Co-Payment for Prescribing – Repeat Prescription..... 5

Summary of Changes

1) Implementation of \$3 Co-Payment for Prescribing – Repeat Prescriptions

This update resolves an issue where a repeat prescription is not using the new \$3 Co-Payment implementation to determine the GMS Category when printing.

Installation Prerequisites

Please review the following prerequisites and ensure they are met prior to installation;

IMPORTANT: This documentation contains valuable information that, if not read, could seriously affect the upgrade progress and/or possible down time of your network.

1. Your practice **MUST** be on **Medtech32 Version 19.9 (Build 3168)**. If you **ARE NOT** on Medtech32 Version 19.9 (Build 3168), please **DO NOT** continue.

If you have not yet installed the previous Version 19.9 Build 3168 update:

Please ensure that **both** the Version 19.9 **Build 3168** and Version 19.9 **Build 3175** update are downloaded and installed on your practice system **at the same time**, to avoid any unnecessary downtime at a later date.

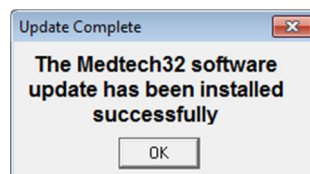

2. Ensure **ALL** users (including remote users) have logged out of Medtech32 and **ALL** scheduled utilities, backup or maintenance tasks that require access to the databases have been stopped.
3. Please ensure the Medtech32 Scheduler, NIR Directory Monitoring Utility, ACC Directory Monitor, Clinical Audit Tool Action Monitor and ManageMyHealth Online Appointments Manager are shut down prior to running the update.
4. Ensure the person(s) who will be performing the upgrade have read through all of the release documentation and installation instructions.
5. Ensure you are logged onto Windows with Administrative rights when performing **ANY** installation, update, or maintenance tasks.
6. This update **MUST** be run on the Medtech32 Server and all users must be logged out of Medtech32. A Interbase backup and restore is NOT required if you are just installing the V19.9 Build 3175 Update.
7. This update must also be run on any laptop that is used for Briefcasing.

Medtech 32 Update Installation

1. Ensure that you are running **Version 19.9 (Build 3168)** of Medtech32. This can be checked by logging into Medtech32 and selecting **Help ► About Medtech32** (see pre requisites above).
2. Visit our website at www.medtechglobal.com.
3. Select “New Zealand” in the region drop down (top right hand side of the window).
4. Select menu, **Medtech Online ► Medtech32 ► Downloads**. The New Zealand Medtech32 Updates page will be displayed.
5. Here you will find the **Version 19.9 Build 3175 Update (April 2011)**.
6. In the **File Download Security Warning** dialogue box, select **Run**.
7. In the **Open File Security Warning Dialogue** box, select **Run** option.
8. The installation screen will appear.

9. The installation process will begin.
10. Once the update is completed, the following message will be displayed.

Items included in this Update

\$3 Co-Payment for Prescribing – Repeat Prescription

Module ► Clinical ► Patient Medications

This update resolves an issue where a repeat prescription is not using the new \$3 Co-Payment implementation to determine the GMS Category when printing.

For further information on these new features, or any other queries regarding Version 19.9 Update, please contact Medtech Support on 0800 2 MEDTECH (633 832) - Option 1 or send us a fax, toll free on 0800 MEDTECH (633 832) or email: nzsupport@medtechglobal.com.
