For further information on this release, or any other queries regarding the ICPC-2 PLUS Update (October 2012), please contact the Medtech Helpdesk on 1800 148 165 → Option 1, or email ausupport@medtechglobal.com.

# Pre-requisites

Please review the following pre-requisites and ensure they are met prior to running the Update:

- This Update can <u>ONLY</u> be run by **CURRENT** ICPC-2 PLUS Subscribers.
  **NOTE:** For subscriptions enquiries, please contact the Family Medicine Research Centre at the University of Sydney on 02 9354 0616.

- Ensure the person(s) who will be performing the upgrade have **READ THROUGH** these notes.

  **IMPORTANT:** This document contains valuable information that, if not read, could seriously affect the upgrade progress and/or possible down time of your network.

- Ensure you are <u>ALWAYS</u> logged onto Windows with **ADMINISTRATIVE RIGHTS** when performing <u>ANY</u> installation, update, or maintenance tasks.

- **"User Account Control" (UAC)** MUST be **DISABLED** as a policy across <u>ALL</u> Server and Client computers that are running on **Windows Vista or Windows 7 or Windows 2008**.

- To avoid unnecessary problems during installation, upgrade, or maintenance, preferrably you should <u>ALWAYS</u> log onto Windows in **"Console Mode"** – i.e. not through Remote Desktop Connection, Terminal Services, or Citrix.

- Ensure you have a **COMPLETE** backup of <u>ALL</u> databases located in the MT32\Data directory.

- Ensure <u>ALL</u> users (including remote users) have **LOGGED OUT** of Medtech32 and <u>ALL</u> services (e.g. ManageMyHealth SMS Communicator), scheduled utilities (e.g. Message Transfer Utility, Auto Scan from Folder), backup or maintenance tasks (e.g. Interbase Backup Scripts) that require access to the databases have been **STOPPED**.

- Ensure the **LAST** Database you have logged in **LOCALLY** on the Medtech32 Server is the one you would like this update to run.
  **NOTE:** If unsure, simply login to the <u>CORRECT</u> Database from the Medtech32 Server, then log out and close Medtech32 before continuing.

# Introduction

This release notes provide an overview on how to apply the October 2012 ICPC-2 PLUS Update for Medtech32 ICPC-2 PLUS Subscribers.

**IMPORTANT NOTE**

**WARNING:** It is HIGHLY recommended to employ ONLY qualified system engineers when performing ANY installation and upgrade. The consequences of ruining a database during upgrade could possibly lead to data corruptions, and as a result – data loss and systems downtime.

If in doubt, please consult with your IT technician/service provider, or contact one of the Medtech Channel Partners listed on our web site:
http://www.medtechglobal.com/aus/medtech-online-au/support-3.html

**IMPORTANT NOTE FOR BRIECASING**

Changes from this Update will NOT be applied to the Briefcasing laptops UNTIL a **COMPLETE CHECK-OUT** has been run.

**IMPORTANT:** ALL Briefcasing laptops with OUTSTANDING Briefcased data MUST be checked-in PRIOR TO running a complete check-out.

Alternatively, if it is not feasible to run a complete check-out soon, you MUST install this Update separately on EACH Briefcasing laptop by following the same instructions in the "Installation" section below.

# Installation

The ICPC-2 PLUS Update (October 2012) must be run on the Medtech32 Server machine. The following procedures ONLY need to be run ONCE for EACH practice (or once per database if your practice has multiple databases).

**NOTE:** If you are uncertain which computer is the Medtech32 Server, please contact your IT technician or service provider who has performed the Medtech32 installation and/or upgrade.
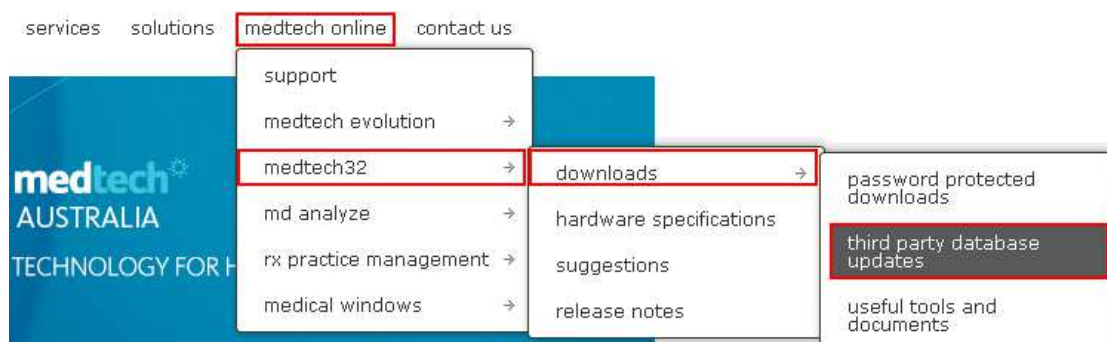

1. Please visit our website at www.medtechglobal.com.

2. Select **Region**: **Australia** from the Region dropdown list on the top right corner of the screen.

The Australia Home Page will be displayed.

3. Select from the Top Menu, **medtech online ► medtech32 ► downloads ► third party database updates**. The Medtech32's Third Party Database Updates page will be displayed.

4.  Here you will find the **October 2012 ICPC-2 PLUS Update** and the **Release Notes**.

5.  Click on the Link **October 2012 ICPC-2 PLUS Update**.

6.  If the File Download Security Warning dialogue box appears, select the **Run** option.

7.  If the Open File Security Warning dialogue box appears, select the **Run** option.

8.  The Update will then begin to run.

9.  Once the Update is completed, the Update Complete screen will be displayed.  Click on the Button **OK** to exit the Update.
