Installation Prerequisites Checklist

1. Check the current Medtech32 installed version [Help ▶ About Medtech32] before attempting this upgrade. The practice must be on the following Medtech32 version:
   - Version 10 or later.

2. It is not required for users to be logged out of Medtech32 for this update to be run, because the main application is not affected.

3. This document has been reviewed and is understood.

4. Ensure you are logged onto Windows with Full Administrative rights when performing ANY installation, update, or maintenance tasks.

5. You are logged onto the Medtech32 Server.

Installation Instructions

2. Select “New Zealand” in the region drop down (top right hand side of the window).

3. Select menu, Medtech Online ▶ Medtech32 ▶ Downloads. The New Zealand Medtech32 Updates page will be displayed.

4. Click on the link ACC Subsidy Updates (June 2014)

5. If any security warnings appear in your environment, select Run.

6. The installation process will begin.

7. Once the update is completed, the following message will be displayed.

![Update Complete](image)

8. Click on OK to close the installation screen.
