Fee Amended MBS Items

Nil

Health Assessment for Aboriginal and Torres Strait Islander People amendment:

Item 715 has been amended to include reference to Aboriginal Health Worker being able to assist General Practitioners in performing this type of health assessment.

SUMMARY OF CHANGES

At the time of writing, the September 2015 changes were summarized on the **Medicare Australia** web site:

<http://www.mbsonline.gov.au/internet/mbsonline/publishing.nsf/Content/News-2015-09-01-latest-news-Sep>

Should you require any assistance, please do not hesitate to contact the Medtech Helpdesk on 1300 362 333 ► Option 1, or email support@medtechglobal.com.

IMPORTANT NOTE

The MBS Update DOES NOT update any other fee scales such as Private, Workcover, AMA, and Health Funds. You must change these non-MBS fee scales MANUALLY via one of the following options:

Utilities → Items → General Tab

Utilities → Items → Update Tab → Update / Create Item Fee Levels

The MBS Update will always backup your current item fees, and record the date of changeover, before applying any new MBS fees. As a result, when an account is generated, RXMW compares the changeover date **01/09/2015** with the current date:

- If the date of service for an item is before the changeover date, e.g. **31/08/2015**, RXMW retrieves and applies the old item fees
- If the date of service for an item is after the changeover date, e.g. **05/09/2015**, RXMW retrieves and applies the new item fees.

NOTE: Once the MBS Update has been run, when adding or editing any items, it is no longer possible to set their old fees prior to **01 September 2015** for back-dated billing:

- For any new items added or imported manually from the MBS Database – after running the MBS Update, if it is necessary to back-date any such items to before 01 September 2015, users must change each item manually to their old fees in each invoice.
- For any existing items – after running the MBS Update, it is no longer possible to edit their old fees manually from Utilities ► Items ► General Tab, and it is no longer possible to import their old fees from the MBS Database.

Pre-requisites

Please review the following pre-requisites and ensure they are met prior to running the Update:

- Ensure the person(s) who will be performing the upgrade have **READ THROUGH** the fax notification and this release notes

IMPORTANT: These documents contain valuable information that, if not read, could seriously affect the upgrade process and/or possible down time of your network.

- Ensure you are **ALWAYS** logged onto Windows with **ADMINISTRATIVE RIGHTS** when performing **ANY** installation, update, or maintenance tasks
- Ensure you have a **COMPLETE** backup of **ALL** databases

Pre-requisites for Database Backup

Please review the below pre-requisites and ensure they are met prior to backing up the database:

- ✓ Ensure **ALL** users (including remote users) have **LOGGED OUT** of RXMW – including remote users and idle users in Terminal/Citrix sessions
- ✓ Ensure all the Services that access the RXMW Medical Database have been **STOPPED**:

Note: This includes any other Custom/Third-party Applications and Reporting Utilities not supplied by Medtech, etc.

- ✓ **ALL Scheduled Tasks** and/or **ALL Backup/Maintenance Tasks** have been **STOPPED** – e.g. Database File Backup, SQL Backup/Restore, SQL Database Maintenance tasks, etc.

IMPORTANT NOTE

WARNING: It is HIGHLY recommended to employ ONLY qualified system engineers when performing ANY installation and upgrade. The consequences of ruining a database during upgrade could possibly lead to data corruptions, and as a result – data loss and systems downtime.

If in doubt, please consult with your IT technician/service provider, or contact one of the Medtech Channel Partners listed on our web site:

<http://www.medtechglobal.com/au/support-au/channel-partners-au/>

Installation

The **MBS Update (01 September 2015)** must be run on the RXMW Server machine, i.e. the machine where the Microsoft SQL Server 2000, (2008R2 or MSDE 2000) is installed. The following procedures **ONLY** need to be run **ONCE** for **EACH** practice (or once per database if your practice has multiple databases).

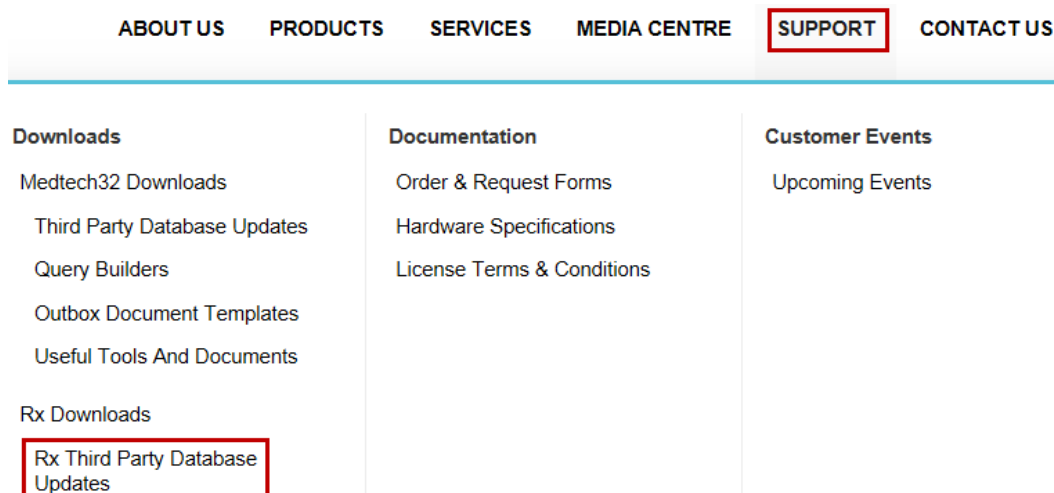

NOTE: If you are uncertain which computer is the RXMW Server, please contact your IT technician or service provider who has performed the RXMW and Microsoft SQL Server (or MSDE) installation and/or upgrade.

1. Please visit our website at <http://www.medtechglobal.com/global/>.
2. Select **Region: Australia** from the Region dropdown list on the top right corner of the screen.

The **Australia Home Page** will be displayed.

3. Select from the top menu, **Support ► Rx Downloads ► Rx Third Party Database Updates**. The **Rx Third Party Database Updates** page will be displayed.

4. Here you will find four sections:

- **RxSQL V6.3 or above Updates**
- **RxSQL V6.0 to V6.2 Updates**
- **RxSQL Version 4.5x to 5.x Updates**
- **RxMW Updates**

5. From the **RXMW Updates** section, click on the link **01 September 2015 MBS Update** and download the MBS installer from the File Attachment section.

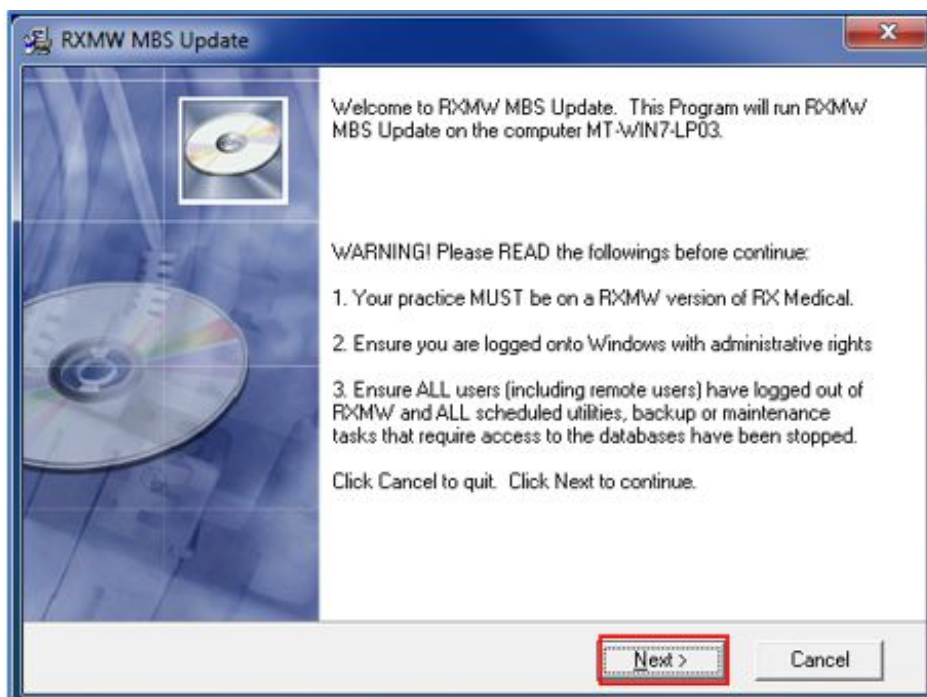

6. If the File Download Security Warning dialogue box appears, select the **Run** option.

7. If the Open File Security Warning dialogue box appears, select the **Run** option.

8. The Update will then begin to run.

9. The **Welcome** screen will be displayed. Please READ THROUGH the onscreen instructions CAREFULLY, then click on the **Next** button.

The **Select Installation Folder** screen will be displayed. By default, the **Installation Folder** is set to **C:\Program Files\RXMW**. If RXMW is installed on a different path, you **MUST** click on the **Browse** button to manually select the correct **Installation Folder** where RXMW is installed. Click on the **Next** button to continue.

NOTE: If you are uncertain where RXMW is installed, please contact your IT technician or service provider who has performed the RXMW installation and/or upgrade.

10. You will then be prompted to enter the **Password**. This **Password** has been supplied to you separately via fax.

NOTE: This password is **not** case sensitive. You are only eligible to receive the Password if you are currently paying for maintenance support fees.

If you have not received the Password by fax, or you are not currently paying for maintenance support fees but would like to re-subscribe in order to obtain this Update, please contact the **Medtech Helpdesk** on **1300 362 333**.

11. Enter the **Password**, and then click on the **OK** button to start the Update. The MBS Update utility will begin to run, and upon its completion – the following RXMW MBS Update screen will be displayed.

12. Click on the **Finish** button to exit the Update.

IMPORTANT NOTE

If the **Upgrading MBS Database** process finishes immediately, the **MBS Update** may not have completed successfully. If this happens, please contact the **Medtech Helpdesk** on **1300 362 333** ► **Option 1** for assistance.

Update MBS Items

The following **Update MBS Items** procedures can be run from any RXMW Server or Client machines, i.e. any machine where RX Medical application is installed. These procedures **ONLY** need to be run **ONCE** for **EACH** practice (or once per database if your practice has multiple databases).

1. Ensure you are logged onto the correct database in RX Medical to apply the **Update of the MBS Items**, i.e. select the correct **ODBC Name** from the RX Medical Logon Screen. By default, this should be **RXMW**.

NOTE: If your practice has Security Permissions setup within RXMW, ensure you are logged onto Windows as a user with permissions for "Add/Modify Items".

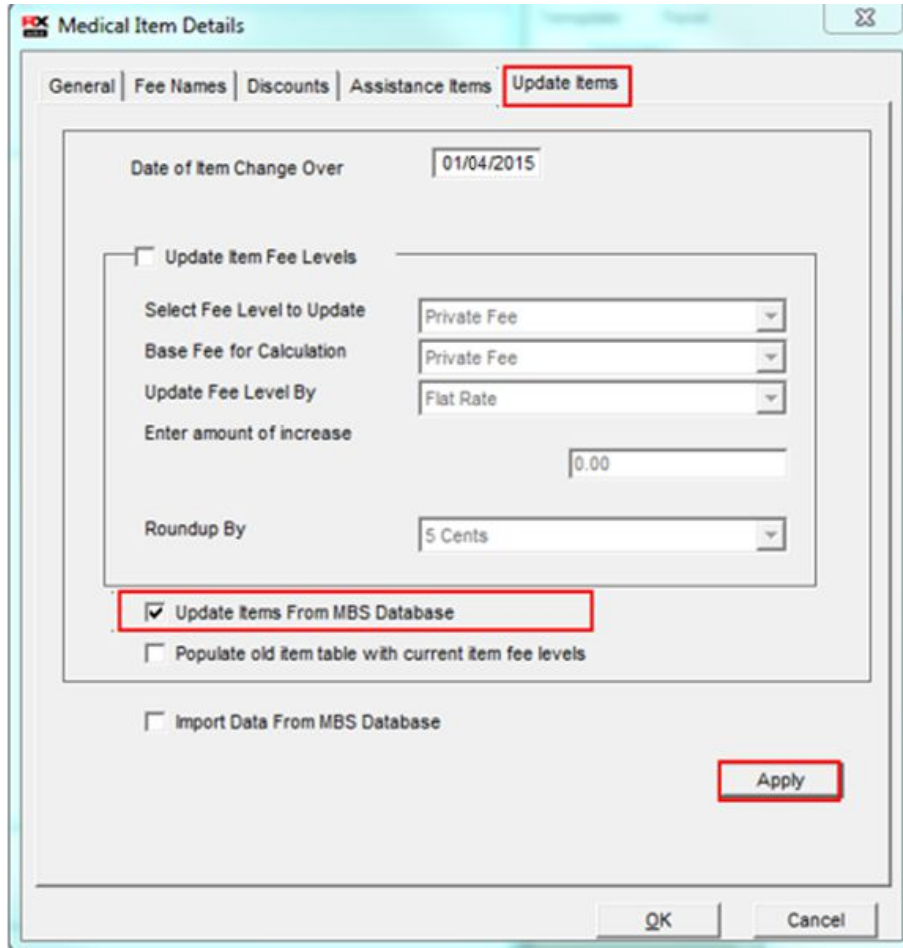

2. Select from the Menu, **Utilities ► Medical Items**, the Item Details screen will be displayed. Then click on the **Update Items** tab.

The screenshot shows the 'Medical Item Details' window with the following fields and options:

- General | Fee Names | Discounts | Assistance Items | Update Items** (The 'Update Items' tab is highlighted with a red box)
- Date of Item Change Over: 01/04/2015
- Update Item Fee Levels
 - Select Fee Level to Update: Private Fee
 - Base Fee for Calculation: Private Fee
 - Update Fee Level By: Flat Rate
 - Enter amount of increase: 0.00
 - Roundup By: 5 Cents
- Update Items From MBS Database
- Populate old item table with current item fee levels
- Import Data From MBS Database
- Buttons: Apply, OK, Cancel

3. Tick the checkbox **Update Items from MBS Database** and then click on the **Apply** button. **Note** the Date shown in your **Date of Item Change Over** will show the last time that the update had been run.

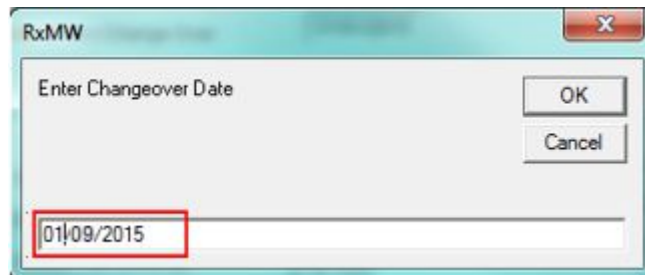

4. The **Update Items from MBS Database** message box will be displayed. Click on the **Yes** button to start the Update.

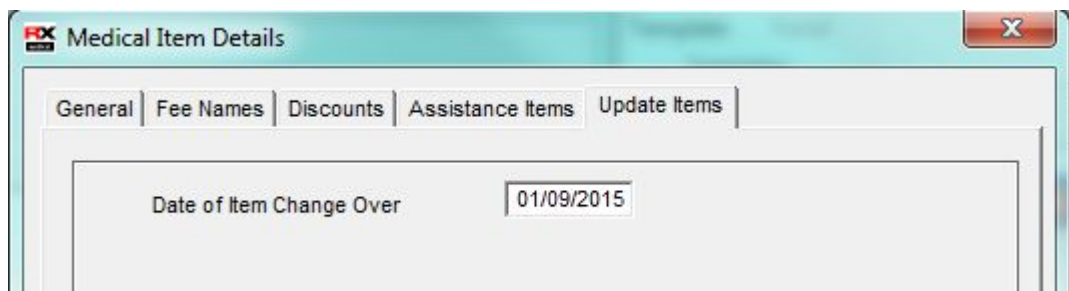

- The **Enter Changeover Date** dialogue box will be displayed. Enter the date **01/09/2015** in the bottom field, then click on the **OK** button.

NOTE: The date MUST be typed in the format **dd/mm/yyyy**.

- The **Update** will be process and populate old items with current item fee levels.
- The **Date of Item Change Over** will now show **01/09/2015** at the top of the **Medical Items → Update** tab. Click on the **OK** button at the bottom right of the screen to close the window. .

- You have successfully applied the **MBS September 2015 Update** to your RXMW database.

Should you require any assistance, please do not hesitate to contact the **Medtech Helpdesk on 1300 362 333 → Option 1**, or email support@medtechglobal.com.
