## Introduction

These release notes provide an overview on how to apply the **ICPC-2 PLUS Update (July 2016)** for **Medtech Evolution ICPC-2 PLUS** subscribers.

**WARNING:** It is HIGHLY recommended to employ ONLY qualified system engineers when performing ANY installation and upgrade. The consequences of ruining a database during upgrade could possibly lead to data corruptions and, as a result, data loss and systems downtime.

If in doubt, please consult with your qualified IT technician/service provider or contact one of the Medtech Channel Partners listed on our website:

<http://www.medtechglobal.com/au/support-au/channel-partners-au/>

### **IMPORTANT NOTE FOR BRIEFCASING**

Changes from this update will NOT be applied to the Briefcasing laptops UNTIL a **COMPLETE CHECK-OUT** has been run.

ALL Briefcasing laptops with OUTSTANDING Briefcased data MUST be checked-in PRIOR TO running a complete check-out.

Alternatively, if it is not feasible to run a complete check-out soon, you MUST install this update separately on EACH Briefcasing laptop by following the same instructions in the 'Installation' section below.

## Prerequisites

Please review the following prerequisites and ensure they are met prior to running the update:

- Only **CURRENT** ICPC-2 PLUS subscribers can run this update.  
**NOTE:** For subscription enquiries, please contact the Family Medicine Research Centre at the University of Sydney on **02 9351 9408**.
- Ensure the person who will be performing the update has **READ THROUGH** these release notes.  
**IMPORTANT:** This document contains valuable information that, if not read, could seriously affect the update process and/or possible downtime of your network.
- Ensure you are ALWAYS logged onto Windows with **ADMINISTRATIVE RIGHTS** when performing ANY installation, update or maintenance tasks.
- Ensure a SUCCESSFUL Database Maintenance has been performed on ALL databases
- To avoid unnecessary problems during installation, upgrade or maintenance, you should ALWAYS log onto Windows in '**Console Mode**'; i.e. not through Remote Desktop Connection, Terminal Services or Citrix.
- Ensure ALL users (including remote users) have **LOGGED OUT** of Medtech Evolution.
- Ensure ALL services (e.g. ManageMyHealth™ SMS Communicator), scheduled utilities (e.g. Message Transfer Utility, Auto Scan from Folder) and backup or maintenance tasks (e.g. InterBase Backup Scripts) that require access to the databases are **STOPPED**.
- Ensure the **LAST** database you have logged into **LOCALLY** on the Medtech Evolution Server is the one you would like this update to run on.  
**NOTE:** If unsure, simply login to the CORRECT database from the Medtech Evolution Server, then log out and close Medtech Evolution before continuing.

## Installation

The **ICPC-2 PLUS Update (July 2016)** must be run on the Medtech Evolution Server machine. The following procedures **ONLY** need to be run **ONCE** for **EACH** practice (or once per database if your practice has multiple databases).

**NOTE:** If you are uncertain which computer is the Medtech Evolution Server, please contact your IT technician or service provider who performed the Medtech Evolution installation and/or upgrade.

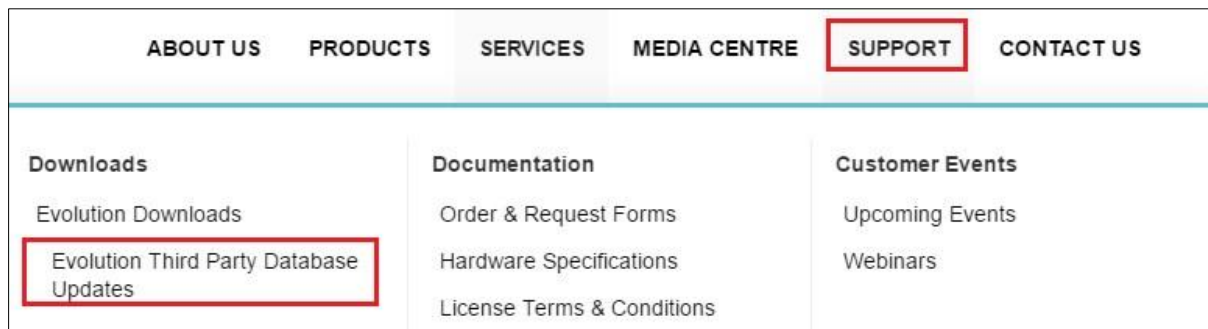

Please visit our website at <http://www.medtechglobal.com/global/>.

Select **Region: Australia** from the region drop down menu in the top right corner of the screen.

The **Australia Home Page** will be displayed.

Select from the top menu, **Support ► Evolution Downloads ► Evolution Third Party Database Updates**. The **Evolution Third Party Database Updates** page will be displayed.

Locate the update called **ICPC-2 PLUS Update (July 2016)** in the list.

Click on the link **ICPC-2 PLUS Update (July 2016)** and download the **ICPC-2 PLUS Update** installer from the **File Attachments** section.

If the **'File Download Security Warning'** dialogue box appears, select the **'Run'** option.

If the **'Open File Security Warning'** dialogue box appears, select the **'Run'** option.

The update will then begin to run.

The '**Password**' window will be displayed. Enter the installation password provided by Medtech and click the '**OK**' button to continue the update.

The **ICPC-2 PLUS Update Utility** window and progress bar will be displayed.

Path for 64-bit Operating System: C:\Program Files\MedtechAUEvolution\Bin\Tools\icpc2.exe

Path for 32-bit Operating System: C:\Program Files (x86)\MedtechAUEvolution\Bin\Tools\icpc2.exe

Once the update has successfully completed, the following screen will be displayed.

Click the 'OK' button to exit the update
