

Medtech Limited is looking for an enthusiastic and passionate practice managers to join our team. This role will be part of the Training Team and will support our customers through product training, customer support and implementation. This is a hands on role which requires common sense, initiative and get up and go attitude. You are a team player, flexible to undertake tasks as required and have the ability to juggle a multitude of tasks and priorities.

Key Responsibilities

- Train customers on Medtech suite of software products
- Planning and development of training programme
- Development and maintenance of training manuals
- Primary contact for all training enquiries
- Facilitate user groups for customers
- Development of e-learning modules

Skills and Experience

- Atleast 4 years' experience in a primary healthcare setting
- Proficient user of Medtech32
- Flexible working style in a changing and fluid environment
- Ability to work collaboratively in a team
- Ability to multitask and work with a strong service ethic
- Ability to communicate well and maintain strong relationships with others

If this sounds like the career for you, please submit your CV and cover letter to hr@medtechglobal.com

Please note that Medtech runs its own selection process. We greatly appreciate the time and effort taken to submit your individual application, however, only shortlisted candidates will be contacted.
